

## **Warranty**

The GlassKote product has been tested for its colorfastness and durability in a multitude of commercial and residential building applications over a period of 25+ years in Australia and the results are impressive.

In light of such positive results, we offer a 10-year Warranty on our application of the GlassKote coating that covers peeling, cracking or bubbling. Warranty is provided by each local applicator

Please note that any warranty on the Glasskote product is null and void if the material is mishandled before, during or after the installation. The product must be installed and cleaned to the glasskote specifications.
